Report Definitions:

-YTD: Year-To-Date

-City Sales Tax Revenue: The amount of sales, use, and municipal gross receipts tax paid to the city per month.

-Visitor Spending: Volume of general taxable sales reported by Tourism-related businesses.

-BBB Taxable Sales: The one percent municipal gross receipts tax (BBB tax) is imposed on alcoholic beverages, eating establishments, lodging accommodations, admissions to places of amusement, athletic and cultural events.

-Recreational Visits: The total number of visitors through government attractions.

-Web Sessions: User interactions with the Chamber website that take place within any given time frame. A single session can contain multiple page views.

-Information Requests: Information requests are defined as the number of visitors who request printed information from the Wall-Badlands Area Chamber of Commerce office.

-I 90 Traffic: The average number of vehicles that travel on SD Interstate 90 in a day.
